a. Shopping List (continued) The shopping list of approximately [REDACTED] has been integrated with requirements buildup on a preliminary Table of Organization, Equipment and Allowances developed by PM Staff for guerrilla type operations. This, together with a substantial drop in the overall Agency troop strength program and the set back of certain heavy items resulted in a cut-back of the shopping list to approximately [REDACTED] DD/P-Admin. is making the presentation to higher authority requesting funds therefor.

b. Materiel Reference Manual (continued) The Foreword, Index and Glossary have been reproduced. This, together with approximately 50 line items, plus the ammunition section, will comprise the first portion of the Materiel Reference Manual. Distribution to area divisions and staffs, both in ZI and overseas, is expected this week. Additional items will be distributed in groups as they are prepared and reproduced. These should be distributed in intervals of three week periods until a total of approximately 1,500 items have been covered.

c. [REDACTED] Requisition (continued) The NEA requisitions of approximately [REDACTED] has been reviewed and forwarded to Supply Division for supply action. This requisition was originally cut back in the ordnance category by the NEA Division by reason of FY 1953 fund limitations. However, because of latest price reductions, surpluses resulting from overall decrease in the Agency PM troop strength program and issues out of FY 1952 Contin- gency Materiel Reserve, the NEA Division reinstated the above cut-backs into FY 1953 funding and amended the requisitions accordingly. Consequently, the FY 1954 budget is being reduced proportionately. Approximately [REDACTED] will be issued against this requisition out of stock without replacement. Project [REDACTED] however, will be charged with the total of all materiel issued to it.

d. Master IBM Supply and Requirements Deck (new) The Requirements Section in coordination with the Supply Division and FE/LOG is preparing the preliminary working decks of IBM cards, covering approximately 15,000 items. These decks will be firm as to nomenclature and FIIN numbers and will be used both in ZI and FE

overseas in the FE stock control, requirements forecasting and procurement. The preliminary completion date has been set as 15 June 1953 and FE/Stock Control, [REDACTED] has been advised accordingly. 25X1A6a

2. Projects and Studies in Process

25X1A6a

a. [REDACTED] (continued) Participated in a series of discussions relative to construction requirements that have been submitted from the field.

b. Logistical and Operational Planning Manual (continued) A staff study, relative to providing basic reference data, is being circulated to the divisions of the Logistics Office for concurrence before forwarding to the Chief of Logistics.
